RESIDENCIES AND VISITING ARTIST

International Artist in Residency: 2012: Arte Studio Ginestrelle, Regional Park of Mount Subasio, Assisi, Italy. This was a one week International Artist Residency for contemporary artists. My proposal was accepted to create a work of art inspired by the regional park and nature. The work was displayed in a group exhibition in Assisi.

Visiting Artist: 2010: Middle Tennessee State University, Johnson City, TN. For the April Earth Day celebrations I created an Installation Sculpture with the help of students on the campus, conducted in-class critiques for undergraduates, independent critiques for graduate students, and a gallery critique for a student exhibition in a gallery in downtown Johnson City.
